

## SCHORR'S WORK BRIGHT FEATURE IN RAPIDS GAME

Smith's Benders Get Eleven to One Defeat When His Former Employees Get to Porter in First Two For Ten Runs.

Special to The News-Times.

GRAND RAPIDS, Mich., April 15.—One bad inning tells the story of the downfall of Ed Smith's Benders here Wednesday afternoon by a score of 11 to one. The South Bend youngsters were completely up in the air and before they could be pulled together eight Black Sox had registered at the home station. But for the unfortunate squand the game was interesting and some corking good plays were dished up for the fans.

Two double plays, one a piece, featured the fielding and two doubles and a triple by the Sox, and Tydemann, respectively of the Black Sox, took down clouting honors. A single by Grimes, Tydemann's triple and singles by Schmick and Hughes tell the story of the first brace of runs for the locals.

Six hits, one an extra sucker, and three errors tell how the Sox amassed their lead of tallies in the second frame. There was nothing doing in the third session but in the next frame Grodick was given a base on balls, stole second, took third on Schmick's out, Mee to Humbrecht, and came home on Hughes' hit to center. Schorr went in to start the sixth and there was nothing doing from then on.

The lone tally for the visitors came in eighth when Tegtemeyer first up walked. He took second on Mee's drive to third and came in when Philion lined one to right. Mee and Dolan were cut off the sack. Still and Tydemann, respectively of the Black Sox, given their releases Saturday by Grand Rapids, appeared in the South Bend lineup.

## SPRING PRACTICE STOPPED BY FIRE

Football Men at Notre Dame Were to Start Grind Yesterday—Kalamazoo Team Here For Tilt This Afternoon.

Athletics at Notre Dame came near receiving a severe setback Wednesday afternoon, when fire broke out beneath the floor of the dressing rooms in the gymnasium while some of the varsity men were making ready for baseball practice. Prompt work by some of the students and ball players kept the blaze well in check till the chief, two hose carts, a chemical and a truck from South Bend reached the university. The firemen ripped up part of the floor and soon extinguished the blaze.

The dressing rooms quickly filled with smoke, but after the fire was put out, the varsity baseball and track men were able to get to their lockers for their suits. Spring football practice, which was to have begun yesterday, was called off because of the trouble caused by the fire. The gridiron candidates will probably have to postpone their initial workout till the first part of next week. A baseball game is booked for this afternoon and as the regular quarterly examinations are to take place Friday and Saturday, no football work will likely be done till Monday.

The fire did not prevent the track men from having their first real outdoor practice yesterday. Many of the men have taken advantage of the few good days during the last two weeks to work outside, but there has rarely been more than three or four in Cartier field in an afternoon. Over ten of the varsity track athletes reported to Captain Henehan in order to timber up for the steady grind that will soon begin.

Notre Dame was to take on West Side Normal from Kalamazoo, this afternoon at 2:30 in the first baseball game since the Michigan tilt on Monday. Harper sent his players through a practice game which ended with the regulars on the long end of a six to three count. Fitzgerald and Kenny were the battery for the first team, while Sheehan and Boland worked for the second string. "Chief" Meyers was not out for practice yesterday but he was to start at short in today's fray.

## LOCAL PUGILIST TO FIGHT THE WINNER

Lew Pop Gets Chance to Show His Worth at Grand Rapids on April 23.

If Lew whips the winner of the first bout he will be matched with Jimmy Brady of Chicago. The match will be the feature of a card to be held early in May.

Pop started training for his first bout Tuesday night and will train consistently until the night of the match. He is at a loss for good sparring partners and will give any one who wishes a round with the gloves.

## HOT LINERS

BY FRANK CHARLTON.

Why worry if the dogs of war are whining to be freed? Why fret about our new canal and graft and trusts and greed? Why try to dope out in your mind if Harry Kendall Thaw, Will win a glorious victory Or circumvent the law?

Lay off, lay by such cares as these, And others that perplex; With three big leagues to follow up We have enough to vex us.

J. Pluvius opened his season yesterday and it was a large and juicy success.

The baseball magnates are not running true to form. They failed to start a single new lawsuit yesterday. However, President Gilmore of the Federals says that he is planning to bring \$65,000 worth of damage suits within the next few days.

Question—Why is Rube Marquard's pitching like a lady dancing the tango? Answer—Well, because the curves can easily be detected. (That is, according to the way Rube pitched his first game.)

Dispatches say that a thermometer in the Boston American league grandstand yesterday registered five degrees above freezing. What else would one expect in Boston?

Football practice has been commenced at Cornell and judging from last season's showing it is not a mite too early.

Of all sad words of tongue or pen The saddest are these: "We lost again;" But other words that give us pain. Are these: "No game because of rain."

Jack Johnson threatens to come back for a retrial of his case in the Chicago courts, but if he is the Sam-gambian fox that some folks think he is, he will recollect that the coming back process is often attended by disaster.

James Shanley, aged 59, has entered a Marathon race to be run in New York city in May. Now what does Doc Oeler know about that?

"This is the life," chuckle the Federal league backers as they recall the direful predictions of the organized baseball magnates.

That March lion seems to have gotten mixed up in his dates.

The White Sox are now leading the American league, but two victories don't make a pennant winner. If you doubt this ask the manager of any other team in the league.

Pluvius and Huerta are both in the same class and both are among the most prominent of the pests.
